

Top U.S. poultry producer captures data backup success

Koch Foods reliably backs up critical virtual operations in minutes versus hours and reduces costs with Dell EMC Data Protection

COMPANY: Koch Foods

INDUSTRY: Food processing

COUNTRY: United States

CHALLENGE

Deploy an enterprise data backup solution that delivers **reliable** backups, **easy** administration and **decreased** backup storage requirements

SOLUTION

Dell EMC Data Domain

Dell EMC Data Protection Software

BENEFITS

98% of backups completed successfully—compared to 70% previously

Data deduplication of 8 petabytes to 79 terabytes

Weekly backup administration decreased 50–60 hours to 1 hour

Backups of 200 VMs completed in 5–10 minutes versus 16 hours before

Savings of thousands of dollars with reduced storage, maintenance and power

“Dell EMC Data Protection Software and Data Domain provide the perfect solution. It’s given me more time to work on meaningful projects and improved my quality of life.”

Jason Kinnear
Infrastructure Engineer, Koch Foods
