

World's most intelligent 4K webcam¹

Dell UltraSharp Webcam | **WB7022**

¹ Based on internal analysis of external 4K personal conferencing webcams, August 2023.

Connect like you're there

Our 4K High Dynamic Range (HDR) webcam with a large Sony STARVIS™ CMOS sensor captures more light, while the multi-element lens offers crystal clear, undistorted images, delivering exceptional image quality. Experience sharp, bright and professional grade video quality every time.

Exceptional image quality

Elevate your video conferencing experience with a professional-grade webcam that optimizes your visuals with a large 4K Sony STARVIS™ CMOS sensor, multi-element lens and Advanced Image Signal Processing with AI Auto-Framing.

Elegant and premium design

Made of premium aluminum and a smooth textured metallic finish, the Dell UltraSharp Webcam looks great and makes you look even better. Mounted on your virtually borderless monitor, the webcam sits neatly atop without blocking a single pixel.

Easy to use

Offering the world's most seamless webcam mounting solution¹, the professional grade webcam takes only a fraction of the time to set up. Dell ExpressSign-in automatically detects your presence when you are close and uses Windows Hello to automatically log you in.

¹ Based on internal analysis of external 4K personal conferencing webcams, August 2023.

Beautiful inside and out

Conveniently snap the cover on the lens and keep it protected when not in use. Snap it to the back for safekeeping.

Facial recognition

Dell ExpressSign-in detects your presence when you're close and uses Windows Hello to log you in automatically. When you walk away, it locks your PC for increased security.

Proximity sensor

User presence detection and faster login / logoff

Glass cover

Multi-element lens
Clearer and undistorted images

White LED light indicator
Turns on when camera is in use

Large Sony STARVIS™ 4K CMOS Sensor
Brighter images and better low light performance

Get an unblocked view on your virtually borderless monitor with this sleek webcam mount.

Attach the magnetic mount on your webcam without tools and enjoy neat cable management.

Flexibly attach your webcam to the tripod¹ using the inbox tripod adapter.

¹ Tripod not included.

Look your best, always

Superior picture quality in extreme lighting environments

Digital overlap HDR delivers accurate colors even when you're overexposed because you're near a bright window.

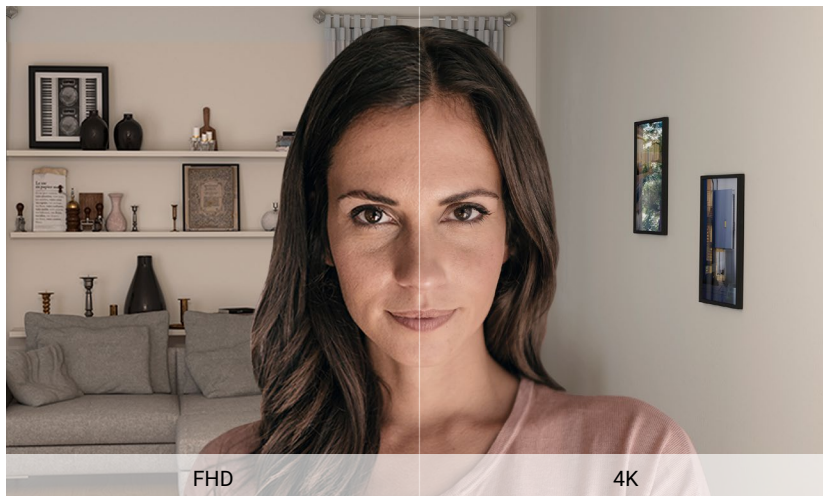

Automatically eliminates grainy images

The perfect combination of Temporal Noise Reduction (3DNR) and Spatial Noise Reduction (2DNR) brings video noise reduction to the next level, offering crisp and clear picture quality even in low light.

Keeping you in focus

As the world's most intelligent 4K webcam¹, advanced AI auto-framing works to always stay focused on what matters most — you. It keeps you at the center of the picture no matter where you move.

Brilliant however you view it

Record and playback content at 4K 30 frames per second or at full HD 60 frames per second with equally smooth and high-quality video on your monitor.

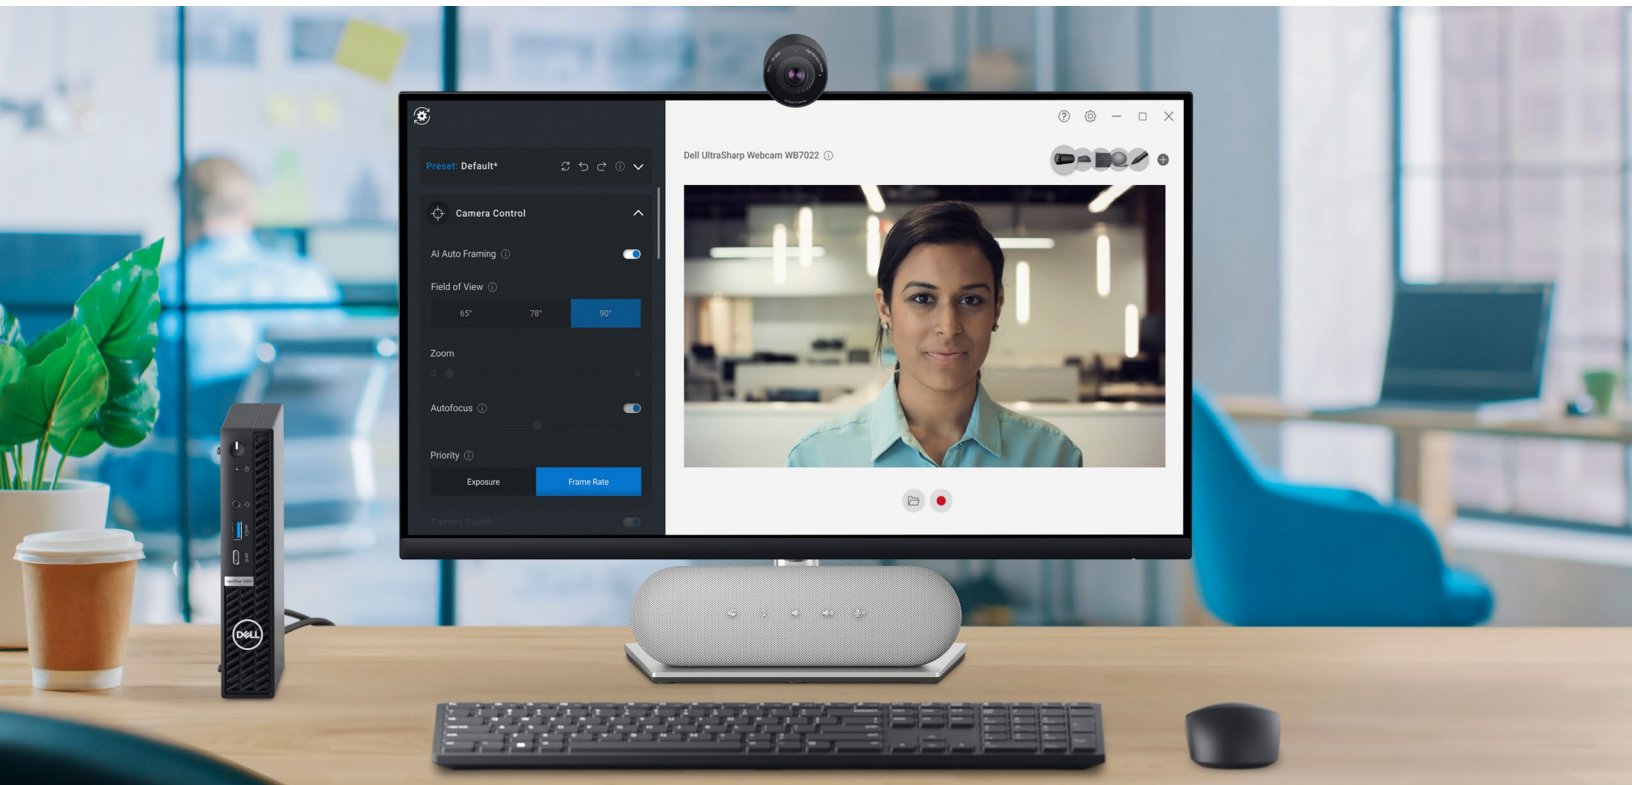

Ultra compatible, so you can work well with others

Certified for Microsoft Teams and Zoom and compatible with leading UC platforms. You can be sure that this webcam works seamlessly with your devices.

See the full picture

Design how they see you with the easy and intuitive [Dell Peripheral Manager](#) software¹

Set up is easy, with no need for lengthy install guides. The [Dell Peripheral Manager](#)¹ instantly installs² on your PC to quickly guide you to showtime. Choose between three preset Fields of View: the default 90° view to show more of your background, 78° for mid-range or 65° for close-ups. You can customize your video with setting options that control HDR, Auto Focus, 5x Digital Zoom, AI Auto Framing, Brightness, Sharpness, Contrast and Saturation. Look your best every time with the Dell UltraSharp Webcam - WB7022.

¹ Dell Peripheral Manager is compatible with Windows 11,10. For Mac OS, please download Dell Display and Peripheral Manager software.

² Manual installation may be required for some cases due to individual system security requirement. Auto-installation is also not available for Mac OS.

Recommended Accessories

Complete your experience with accessories designed to make the most of your Dell UltraSharp Webcam.

Dell UltraSharp 40 Curved WUHD Monitor | U4021QW

Redefine productivity on this revolutionary 40" curved WUHD 5K2K monitor that delivers exceptional color and clarity. Get extensive connectivity including Thunderbolt™ 3, RJ45 and more.
