

Experience crystal-clear conference-calls

Dell Speakerphone | **SP3022**

 Certified for
Microsoft Teams

 **zoom** Certified

Experience crystal-clear conference-calls

With the world's most intelligent* Microsoft Teams certified speakerphone.

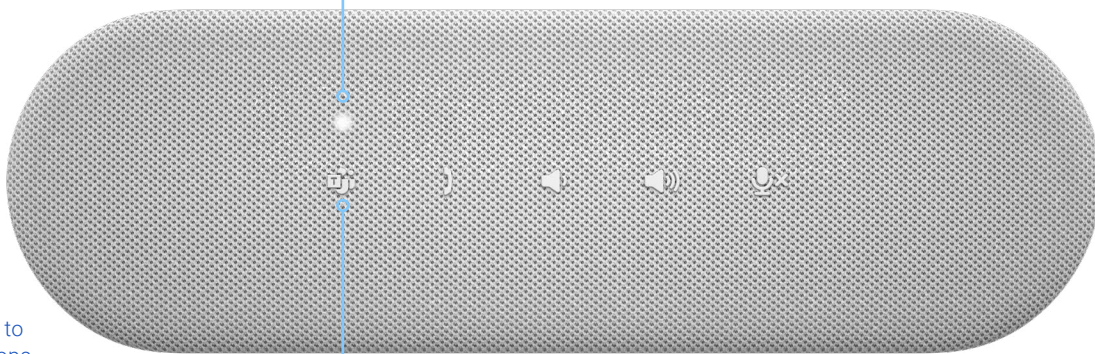

Elegant design aesthetic
With a complementary style and finish, speaker sits easily on a monitor base, or beside a laptop or desktop.

LED lights
Clearly indicate MS-Teams app status, call/hang-up, volume up, volume down, and mic mute/unmute.

Full duplex audio
Allows multiple participants to speak simultaneously while still being heard, clearly.

No extra clutter
Neat cable management mechanism keeps your workspace clean.

Enhanced connectivity
Connect the speakerphone to monitors, laptops, or desktops via the USB-A or USB-C port.

Stereo output
Delivers lows and highs with no distortion, whether conferencing or listening to music.

Microsoft Teams button
Provides quick access to meetings and notifications.

AI noise cancellation
Reduces background noise while preserving the clarity of human voices.

Dell Peripheral Manager**
Customize device settings like audio presets, notifications, and product updates.

* Based on Dell analysis comparing against competitive personal conferencing speakerphones, October 2023.
** Dell Peripheral Manager is a device configuration software. It is only compatible with 64-bit Windows 10 and Windows 11 systems.

Collaborate with added intelligence

Confidently work from home with a best-in-class audio experience that knows the difference between human voices and background noises and allows for a wider sound stage without distortion – so you can collaborate like you're there.

#1

Most intelligent
