## Calculated Savings

A summary of the avoided impacts by participating in Asset Recovery Services is quantified below.

657
metric tons (MT)
CO<sub>2</sub>e AVOIDED

2,746
megawatt-hours (MWh)
ENERGY AVOIDED

30
metric tons (MT)
WASTE DIVERTED
FROM LANDFILLS

## Driving better outcomes together

With this report and others, we continue our long-standing commitment to accountability for delivering on our ESG strategy and initiatives. We are at a critical point in time. Delivering greater impact is essential. For us, this means not only making progress against our goals, but also constantly evaluating our commitments and actions to ensure our impact is meaningful for all of our stakeholders — and collaborating to make it happen.

Our world is a fragile ecosystem; therefore, we must continue to innovate and evolve to meet the challenges before us, but it is not our journey alone. We believe we all share in the responsibility to protect and enrich our planet. And it is through these relationships – with our customers, partners, suppliers and communities – by which we believe we can create a positive and lasting impact.

Learn more about how we're working to drive positive outcomes for business, people and the planet here.
